## From The President

**Karl Goudy**

**AEA President**

Over thirteen years ago the first comprehensive teachers' master contract in Ohio was negotiated between the Akron Education Association and the Akron Board of Education. This current Agreement represents the seventh formal set of modifications and improvements on our original contract.

The excellence of contract provisions and wage and fringe benefits that we now enjoy have not come easily. Items we may want to include must be weighed against restrictions the Board and central administration would like to impose. Fortunately, the disagreements, while often sharp, have not been bitter or damaging. Our mutual abilities to resolve crucial issues without rancor has become a benchmark for teacher negotiations in this state. Additionally, many of the provisions of this Master Agreement will establish a goal for our teaching colleagues in other Ohio districts. AEA leadership is committed to maintaining our leadership in these areas.

Paramount to enjoying full benefit of the Agreement is an understanding of your rights. The AEA negotiating teams can only write and fight for certain language; after they have finished a given round of negotiations and the Agreement has been ratified, its enforcement falls to each and every member. Should you believe that your rights have been violated or jeopardized, contact your Association Representative or the AEA office. Just as this Agreement provides you with certain rights, it also provides you with the mechanisms for its enforcement.

Karl Goudy

Akron Education Association

## From The Superintendent

**Conrad C. Ott**  
**Superintendent**

This agreement is the seventh formal concurrence between the Akron Board of Education and the Akron Education Association. The intent of the agreement is to present understandings relative to salaries, fringe benefits, and those conditions relating to employment. These same understandings will allow our common pursuit of a viable school system.

The agreement is a dynamic one and it provides its own processes for modification and improvement. Through the channels of communication — specified within this document — teacher opinion is truly significant in every phase of the educational program. This asset is compatible with our administrative philosophy which accords teachers the opportunity to provide counsel on educational procedures. The practice has been a fruitful one.

With this agreement, the total professional staff of the Akron Public Schools is capable of reaching higher levels of understanding and achievement. And only by reaching these higher levels will the public continue to underwrite our efforts.

The Board shall, whenever possible, initiate and/or continue state, national, or locally funded programs to provide educational aides for the performance of non-teaching, administrative, clerical and/or supervisory tasks.

Whenever possible members shall not be required to perform record keeping or other clerical duties pertaining to the lunch program. This shall include the collection and accounting of lunch monies and/or tickets.

After the first 25 student days, the pupil-teacher ratio in grades 1 through 6 shall be determined by dividing the number of pupils in attendance by the number of classroom teachers. At the kindergarten level, the ratio is determined by dividing the number of pupils by two.

In grades 7 through 12 in the academic disciplines, the pupil-teacher ratio for each teacher is to be determined by dividing the number of teaching periods into the total number of students instructed.

### **3.09 Appraisal**

Appraisal is the process of arriving at judgments about a member's performance.

The appraisal program pertaining to the performance of a member shall be conducted openly and with the full knowledge of the member. The member shall be given a copy of any written report pertaining to his performance. Said copy shall be given to the member within five (5) working days. The member shall have the right to permanently attach to each written report a written response or reaction.

Should there be more than five (5) administrative observations during a school year, the member shall be notified of the reason or purpose of additional administrative observations. Likewise, should there be more than five (5) supervisory observations during the school year, said member shall be notified of the reason or purpose of additional supervisory observations.

Evaluation is conducted for the purpose of improving instruction, analyzing member performance with respect to continued employment, promotion, non-renewal or contract termination.

Evaluation shall be the responsibility of the principal. The annual evaluation report shall be distributed to the member no earlier than the fifteenth (15th) day prior to the member's last working day, and no later than the third (3rd) day prior to the member's last working day.

In those cases where a member is required to evaluate his own performance, a conference with the building principal shall be required, prior to the transmittal of the evaluation to the Office of Professional Personnel.

A member shall not be requested nor required to sign any evaluation until it is fully completed and signed by the principal.

At the request of the member or principal, a conference with the principal shall be held within five (5) working days after the receipt of the written evaluation. When a conference is held subsequent to an evaluation of a member, attendance shall be limited to the principal, the AEA representative, and the member.

Such written reports and observations as a principal may keep in order to aid in the preparation of the evaluation shall be made available for the member's inspection upon request.

When an observation is made by the visiting administrator, a signed and dated copy of the observation is to be submitted to the member within five (5) working days after the visitation. Copies of such observations by the above administrators may be filed in the member's personnel folder. At the request of the member or the administrator providing the observation, a conference with the administrator shall be

held within five (5) working days after receipt of the observation. If the administrator is a coordinator or director, the administrator must review the observation with the member prior to discussing or submitting the observation to the building principal and before a copy is submitted to the member's file.

**C. Supervisory Visitation and Observation**

Supervisory visitation and observations are conducted for the purpose of improving instruction competencies within the classroom setting. Supervisory visitations and observations may be made by curriculum specialists or supervising teachers. When a visitation extends beyond fifteen (15) minutes, the supervisor shall provide a written observation. When a visitation is less than fifteen (15) minutes, the supervisor may exercise discretion as to whether or not to prepare an observation.

When an observation is made by the visiting supervisor, signed and dated copies are to be submitted to the building principal and the member within five (5) working days after the visitation. These observations shall not be filed in the Personnel Office; they may not be used in any proceeding concerned with termination or non-renewal of a member's contract.

**D. Clear Direction**

In the event inconsistent directions are provided a member as a result of administrative and/or supervisory visitations and observations, directions provided by the building principal shall take precedence over all others. The member may request a conference with the principal and such other authorized evaluators as necessary in order to establish clear direction for himself. When such a conference is requested, it shall be held within five (5) working days.

**3.10 Disciplinary Interviews and Suspension**

The provisions of this section shall not apply to a suspension related to termination proceedings. A disciplinary interview shall mean an interview between a member and the Deputy Superintendent for Personnel or his designate(s) in which a member might be reprimanded, suspended with pay, or suspended without pay.

In the event a disciplinary interview is conducted, the following procedures shall apply:

- a. A member shall receive a written notice at least twenty-four (24) hours prior to holding a disciplinary interview. Said

notice shall contain the time and place of said interview and shall include the reason(s) for said disciplinary interview.

- b. The interview shall be conducted in private, except that the member may request the presence of an AEA representative; when such a request is made, the interview shall not proceed until the representative is in attendance, unless the representative is not there within ten (10) working days.
- c. No member shall be disciplined without just cause.
- d. Before suspending any member, the Superintendent shall furnish the member a written notice signed by the Superintendent or his representative, listing reason or reasons by incident and date, for such suspension. Subsequent to the member's receipt of a notice of suspension, and within two days thereof, the affected member may appeal said intent to suspend through the grievance procedure or seek legal redress through the courts.
- e. No member shall be demoted, suspended, or otherwise adversely treated because of the exercise of his right of freedom of speech or any other constitutionally guaranteed rights.

### **3.11 Reassignment and Transfer**

Reassignment and transfer of members shall be on the basis of the priorities hereafter established and on the basis of seniority in the Akron Public Schools.

Reassignment and transfer of members outside this section shall be limited to the following items and only after consultation with the President: (a) to achieve or maintain a balance of race or sex of the staff within each building; (b) at least sixty percent (60%) of the staff in each building shall have had prior teaching service in the Akron Public Schools; (c) to protect a member's continuing employment.

The necessity for maintaining comprehensiveness and staffing for co-curricular activities may constitute over-riding reasons for transfers outside this established policy. The Office of Professional Personnel shall notify the President of the circumstances requiring transfer outside this established policy at the time such deviations from established policy occur. Transfers granted under this exception shall be limited to those members granted a supplemental contract and shall be limited to no more than two (2) members per school year per building.

#### **A. Intra-Building Transfer or Reassignment**

A member desiring to transfer from one

grade level to another or from one subject area to another within the building shall file a request for transfer with the building principal prior to May 1. The building principal shall notify the member in writing prior to May 10 of the approval or disapproval of such request; if the request is disapproved, the notification shall include the reasons for such disapproval. Decisions in these transfers are subject to appeal, in writing, to the Deputy Superintendent, who shall respond to such appeal in writing.

**B. Inter-Building Transfer or Reassignment**

(Vacancies occurring before August 1st)  
When selecting members for transfer and/or when selecting members to fill vacancies occurring before August 1st, priorities shall be observed in the following order:

Reassignments due to building closings shall be completed before any other transfers or reassignments are made;

Reassignments or transfers due to changes in vertical organization;

Reassignments or transfers due to changes in student enrollment and/or program termination;

Member-initiated transfer request;

Principal-initiated transfer request.

**1. Due to Building Closings**

Reassignments due to building closings shall be filed in the Office of Professional Personnel no later than May 15. When such reassignments are necessary, those highest in seniority shall be reassigned first.

**2. Due to Changes in Vertical Organization**

Reassignments due to changes in vertical organization shall be filed in the Office of Professional Personnel no later than May 15. (A vertical reorganization is a transfer or elimination of an entire grade level from a building organization.) When such reassignments are necessary, those highest in seniority shall be reassigned first.

**3. Due to Changes in Student Enrollment and/or Program Termination**

Inter-building transfers and reassignments initiated by the administration due to changes in student enrollment and/or program termination shall be filed in the Office of Professional Personnel no later than May 15. When such reduction in the number of members in a school is necessary, the

volunteers shall first be transferred on a seniority basis, those with the most seniority being transferred first, after which transfers will be made on the basis of seniority as follows:

- (a) In the elementary school (K-6), the member with the least seniority shall be transferred.
- (b) In the secondary schools, the member with the least seniority holding a certificate for the area in which the reduction is being made shall be transferred. However, in cases where a member's certification would permit him to be assigned to an alternate department in which there is a member with less seniority, the latter member shall be transferred.

Should a vacancy occur in a building prior to August 1, the member transferred from that building shall have the option to return to the building before new transfers or new assignments to the building are made.

A conference between the member recommended for transfer and the building principal shall occur on or before May 15.

The member recommended for transfer may, if he desires, schedule a conference with the Deputy Superintendent at any time after May 15.

Should intra-building reassignments be necessary, members shall have the right, on a seniority and certification basis, to any existing vacancy. If there are no volunteers, the member with the least seniority in the affected area of certification shall be appointed to the vacancy.

#### 4. Member-Initiated Request for Transfer

A list of known system-wide vacancies as of May 8 shall be posted in each building no later than May 15. A copy shall also be sent to the President no later than May 15.

A member desiring to transfer from one building to another shall file a "Teacher's Request for Transfer" with the Deputy Superintendent before June 1. Prior to July 30, any member may (in writing) withdraw a request for a transfer and the withdrawal shall be honored.

Those members highest in seniority shall be transferred first.

The Deputy Superintendent shall notify the President of the total number

of such requests for each building before July 30.

A list of teacher vacancies existing in the system as of July 10 will be submitted to the President by July 30.

Whenever the requests for transfer within a building exceed thirty percent (30%) of the number of members within the building, an investigation of causes within the building shall be made during the ensuing school year by a committee composed of the AEA Professional Problems Committee and a committee appointed by the Deputy Superintendent. The results of the study, with appropriate recommendations, shall be forwarded to the Superintendent.

5. Principal-Initiated Request for Transfer

A transfer request initiated by a building principal must be preceded by a conference with the affected member on or before May 1st.

A principal-initiated request for a member's transfer must be filed in the Office of Professional Personnel no later than May 15. Such request shall specify the justifiable reasons for which the principal is requesting the member's transfer. All requests should bear the signature of the involved member, but such signature will not be interpreted as agreement with the request. In the event the member refuses to sign the request, such refusal shall be noted thereon by the building principal.

Prior to the last school day, the member may submit a written request for a hearing to the Deputy Superintendent. The member shall have an opportunity to appear before the Deputy Superintendent and offer reasons counter to the transfer. The hearing shall be scheduled within fifteen (15) working days following the receipt of the request.

The member shall have an opportunity to be represented by the AEA.

C. **Inter-Building Transfer or Reassignment**  
(Vacancies occurring between August 2 and August 15)

Any vacancies occurring between August 2nd and August 15th shall be filled on the basis of seniority in the following order:

The most senior member eligible for transfer under any of the provisions

above (excluding principal-initiated transfers) who has requested assignment to a building where said vacancy has occurred — the member is only eligible if he has not been placed in one (1) of the three (3) projected building assignments outlined on his transfer form.

In the event the most senior member is eligible and accepts the assignment, the newly created vacancy shall be filled by teachers as yet unassigned on the basis of seniority, then by new hires.

Any vacancies occurring subsequent to August 15 shall be filled by teachers as yet unassigned on the basis of seniority, then by new hires.

For vacancies occurring on or after the first student day, assignment will be made at the discretion of the Personnel Office.

**D. Fall Assignment, Reassignment, or Transfer Due to Enrollment Changes**

Fall transfers between grade levels or between buildings shall be made within the first fifteen (15) student days.

Members assigned after January 1 shall be informed that the assignment is temporary, that the member shall be reassigned and that the position will be listed as a vacancy the following spring.

If a member must be reassigned because of a decrease in student enrollment, volunteers shall be transferred first, on a seniority basis, those with the most seniority being transferred first. If there are no volunteers, any member new to the building shall be transferred first. If there are no members new to the building, the following shall apply:

In the elementary school (K-6), the member with the least seniority shall be transferred.

In the secondary schools, the member with the least seniority holding a certificate for the area in which the reduction is being made shall be transferred. However, in cases where a member's certification would permit him to be assigned to an alternate department in which there is a member with less seniority, the latter member shall be transferred.

Exceptions to this procedure may be made by the Deputy Superintendent in consultation with the President.

Any transfers made after November 1 shall be processed in accordance with

procedures outlined in Section 3.11, B, 3 herein.

### **3.12 Position Vacancy**

Vacancies for any position, present, new, or additional, below the salary ratio of 1.24 will be publicized by sending a written notice to each building for posting in the school office, faculty lounge, or other appropriate place in each school or department.

The notice of vacancy should be posted at least ten (10) working days prior to the application deadline, and it shall clearly set forth the qualifications for the position.

Teachers who desire to apply for such positions shall file an application in writing with the Deputy Superintendent within the time limit specified in the notice.

All applicants will be notified in writing when the position has been filled. Such notification must be received by the unsuccessful candidates within ten (10) working days after the position has been filled except in cases where interviews are being conducted to develop an eligibility list.

Whenever an administrative or supervisory vacancy must be filled promptly, notification of the vacancy and the reasons for the urgency of filling the position will be provided to the President.

All appointments shall be made without regard to age, race, creed, color, religion, nationality, sex or marital status.

**B. Termination Or Non-Renewal of Contract By The Board of Education**

The principal of each school is responsible for submitting to the Deputy Superintendent, not later than the last working day of December, a written report concerning any member whose performance is not satisfactory and to give to the member a copy of the report which must

Unless the member so notified demands, in writing, within 10 days subsequent to the receipt of said notice, an opportunity to appear before the Board and offer reasons against such termination, the Board may proceed with formal action to terminate services. If said member, within 10 days after receipt of notice from the Treasurer of the Board, demands in writing a hearing before the Board, the Board shall provide for such a hearing. In the event there is no available position for which the member is certified, the members in that area of certification on limited contract shall be listed according to seniority and the contract of the member with the least seniority shall be suspended.

In the event all of the contracts of the members on limited contract have been suspended, the contracts of the members in that area of certification on continuing contract shall be suspended in accordance with the provisions of Section 3319.17 of the Ohio Revised Code.

A request for a curriculum study may be initiated by a group of teachers or the Office of Curriculum. The Assistant Superintendent of

Curriculum and Instruction shall form committees of the appropriate discipline to consider curriculum change. The Association shall be informed of the intent to form such committees and shall have the right to appoint at least one half of the membership of those committees and the Assistant Superintendent of Curriculum and Instruction shall appoint the balance of the committee, which may include administrative personnel. The staff affected by such change shall be informed of the reasons for the change and the change shall take place at the beginning of the semester, when possible, and a semester's notice shall precede implementation of the change unless such notice is waived by the members involved.

A member or members, after consultation with the building principal, may present a planned curriculum modification to the Assistant Superintendent of Curriculum and Instruction and request permission to use the plan on an experimental basis for a specified period of time. Within twenty (20) working days after receipt of such request, the Office of Curriculum shall provide written notification of the decision to the member(s).

The foregoing procedures for initiating changes in curriculum shall include addition of courses of study.

The Committee shall be composed of equal representation from the community, administrative and instructional staffs.

The President shall recommend members for appointment.

he is assigned. Questions about the desirability of individual texts shall be submitted to an advisory committee of six teachers, appointed by the Assistant Superintendent for Curriculum and Instruction, and the President, each to appoint three. The Assistant Superintendent for Curriculum and Instruction shall serve as chairman of the committee.

### **3.25 Education of The Handicapped**

There shall be an Individual Educational Program for every handicapped child placed in a regular classroom situation.

After the Individual Educational Program has been determined and before a student is mainstreamed, a conference shall be held among the special education teacher, the classroom teacher receiving the student, and the principal. The purpose of the conference is to:

1. review the student's academic record and performance level,
2. specify the amount of time the student will spend in the regular classroom,
3. specify the subject areas in which the student is to be included.

A second conference shall be held within twenty (20) student days after the student begins attending regular classes. The purpose of this conference is to evaluate the student's academic and social progress and adjustment. If the parties involved cannot reach agreement as to the suitability of the placement, the principal shall refer the matter to the Child Study Department. Recommendations of the Psychologist will be shared with the parties.

In the event that any portion of this section is in conflict with the Handicapped laws, said portion of the section shall have no force and effect.

### **3.26 Pupil Adjustment**

No teacher or class is ever required to tolerate any act of gross misconduct, including flagrant discourtesy, abusive and vile language, acts of violence and/or deliberate insubordination.

Corporal punishment may be administered by either the teacher or the principal. It should be preceded by a conference involving both. If a conference is not held, the teacher shall notify the principal in writing that corporal punishment has been administered and the reason therefore, before the end of the school day. Corporal punishment should not be administered without an adult witness, and should never be administered in the presence of other children. The severity of the punishment shall fit the child rather than the offense and shall be within the limits of good judgment. Striking a child on the face, ears or head is not sanctioned.

If, in spite of the teacher's best efforts at correction, which should include a teacher-parent conference and which may include corporal punishment administered in accordance with policy, a pupil continues to misbehave, the teacher should refer the case to the principal for further action.

If a pupil's presence poses a continuing danger to persons or property or an ongoing threat of disrupting the educational process taking place either in the classroom or elsewhere on the school premises, the teacher may remove the pupil from the classroom or activity and must state the reason(s) in writing to the principal as soon as practicable. A conference may take place between the member and the principal before the student is readmitted to class. In extreme cases, where the matter cannot be resolved within 24 hours from the time of the student's removal from class and/or activity by the teacher, then the student's procedural due process rights under the law shall apply. The principal may reinstate a pupil removed from class by a teacher by informing the teacher, in writing, the reasons for reinstating the student prior to a hearing.

A pupil personnel file of each student shall be maintained in each school for the use of those members who have a legitimate educational interest.

A member shall be notified of the impending enrollment of a pupil transferred for adjustment reasons. Within a reasonable length of time before the arrival of said transferred student, the AT-19 form stating the reasons for the transfer shall be forwarded to the receiving school and its contents made available to his teacher prior to the time he reports to class.

A pupil suspected of emotional or social disabilities may be referred by the member to the Child Study Department for further study as provided by Board of Education policy and the student's due process rights under the law; and if found to be emotionally disturbed or socially maladjusted, the pupil shall not be returned to a regular classroom except on the recommendation of the Director of Child Study. This recommendation shall specify the educational and psychological basis for the recommendation. It shall also contain guidelines for the pupil's instruction and containment within the classroom.

### **3.27 Assault**

Any case of assault, verbal or physical, suffered by members shall be reported immediately in writing to the principal. The principal shall obtain a list of the witnesses to the assault and a written statement of what each witness observed or heard. These statements shall be signed, dated and filed, with true and accurate copies given to the AEA Building Representative, and copies

sent to the Office of Pupil Services and the Office of Professional Personnel.

The principal shall conduct a hearing which in effect assures the accused student his procedural due process rights. In all cases where assault has occurred, the principal shall suspend the student according to board policy and law. In no case shall a member be required to readmit a student to class, following an assault.

The principal shall report each case of employment-related assault on a member to the Director of Pupil Services; the Director shall inform the President, and Superintendent of the assault.

In the event that an assault has occurred, the pupil shall be removed immediately from the class and school and be reassigned to another building or expelled.

As soon as possible, the Board shall make available in each building:

one (1) of these lines for use by the school faculty. The location of the telephone, with the extension line, shall be determined by the School Faculty Council. ### **3.31 Staff Participation In School Design**

Prior to the design of a school building, or a school building addition, or major remodel-

The same group or committee shall review the preliminary drawing prior to the preparation of working drawings. Should the architect determine not to incorporate recommendations of the members' committee, a written explanation shall be provided to the committee, the President and the Board.

### **3.32 Grievance and Complaints**

An aggrieved person is a member or members having a grievance.

A "grievance" is a claim by a member based upon an event which affects a condition of employment or an alleged misinterpretation or misapplication of any of the provisions of this agreement.

The purpose of the grievance procedure is to secure, at the lowest possible level, proper solutions to grievances. Both parties agree that the grievance proceedings shall be kept confidential at all levels of the procedure.

In order that grievances may be processed as rapidly as possible, the number of days indicated at each level are maximum. Every effort shall be made to expedite the procedures; however, the time limits may be extended by mutual agreement of both parties.

The aggrieved person or persons may be represented at all stages of the grievance procedure by any person of his own choosing.

The AEA shall have the right to have its representatives present at all stages of the specified grievance procedure.

If the grievance procedure is not initiated within 15 working days after the aggrieved person or persons knew, or should have known, of the event or condition upon which it is based, the grievance shall be considered waived. An event or condition based on the number of teacher preparations, or on the number of pupils per teacher, or on physical conditions in the building shall be deemed a continuing condition, and a grievance based on such a continuing condition may be initiated without regard to the aforementioned time limitation.

Grievances shall be resolved as follows:

#### **Level One**

The aggrieved person shall file a grievance in writing with his building principal with copies to the President and the Deputy Superintendent. The principal shall within five (5) working days after receiving the grievance submit a written

answer to the grievance to the Deputy Superintendent, with copies to the President and the aggrieved person.

## **Level Two**

If the aggrieved person is not satisfied with the answer provided at Level One, he may, within five (5) working days after receipt of the principal's reply, request in writing that the AEA Grievance Committee review the grievance and a copy of such request shall be provided to the Deputy Superintendent and the building principal; and if the Grievance Committee desires, it shall, within ten (10) working days after receipt of the member's request, refer the matter in writing to the Deputy Superintendent.

Upon referral of a grievance to the Deputy Superintendent at Level Two, and by mutual agreement, a conference between the President and/or his designate and the Deputy Superintendent may be held to seek a solution to the grievance. This conference shall be held within ten (10) working days of the submission of the grievance at Level Two.

When a conference is held, the Deputy Superintendent shall, within ten (10) working days after the conference, review the grievance and give a written response to the aggrieved person, the President and the chairperson of the AEA Grievance Committee.

When a conference is not mutually agreed on, the Deputy Superintendent shall, within ten (10) working days after receipt of the referral of the grievance by the AEA Grievance Committee, review the grievance and give a written response to the aggrieved person, the President and the chairperson of the AEA Grievance Committee.

Should the Grievance Committee decline to refer the grievance further, it shall, within ten (10) working days, notify the aggrieved person, and the Deputy Superintendent, in writing, of such decision. In such event, the aggrieved person may forward the grievance, in writing, to the Deputy Superintendent independently. However, if the written grievance is not referred by the aggrieved person to the Deputy Superintendent within fifteen (15) working days after the Grievance Committee has declined, in writing, to refer such a grievance, the grievance shall be considered waived.

If a grievance affects a group or class of members, AEA may submit such grievance in writing, signed by two or more aggrieved members from two or more buildings, directly to the Deputy Superintendent, when such grievance is not directed at an individual building principal or is not within the authority of that principal to resolve. Such grievance shall be processed, commencing at Level Two.

### **Level Three**

The AEA Grievance Committee may, within fifteen (15) working days after the answer of the Deputy Superintendent, notify the Deputy Superintendent of its intent to submit the grievance to arbitration by the American Arbitration Association.

The arbitration procedures shall be as follows:

Within forty-five (45) working days of the notification to the Deputy Superintendent, the AEA Grievance Committee shall, upon written notification to the Deputy Superintendent, request the American Arbitration Association to submit a list of five (5) arbitrators. Within five (5) days of the receipt of such list, the President and the Deputy Superintendent shall select an arbitrator by alternately striking a name from said list until only one name remains. The striking of the first name shall be determined by the toss of a coin.

The arbitrator shall schedule a hearing within forty-five (45) days, and at a time mutually agreeable to both parties.

The arbitrator shall report recommendations for settlement of the Grievance to the President, the Deputy Superintendent, and the President of the Board within fifteen (15) working days of the completion of the hearing. The Board shall accept or reject the arbitrator's recommendation by official action within fifteen (15) working days of the date of the arbitrator's report of award.

Costs incurred by the arbitration shall be shared equally by the AEA and the Board.

calamity. Public calamities shall be determined by the State Superintendent of Public Instruction.

In the case of absence resulting from travel difficulties between the member's local residence and his place of employment, provided these difficulties are caused by flood, storm or other uncontrollable conditions, the Superintendent shall waive the salary deduction if, in his judgment, the member has made every reasonable effort to get to his place of employment.

In case of absence due to damage or serious and immediate threat of damage to the member's residence resulting from flood, storm or other uncontrollable conditions, the Superintendent shall waive the salary deduction if, in his judgment, such absence was imperative to the protection of property and personal safety of the member and his immediate family.

The Superintendent has the authority, under highly unusual circumstances, to declare schools closed. When the Superintendent exercises this authority, the following conditions shall prevail:

However, a member on sick days for these or other causes shall be paid only for the number of sick days credited to or earned by such member. Before salary payment can be made for absence because of personal illness or injury, physical disability, emergency dental care, child birth, pregnancy, or exposure to contagious disease, the member shall submit the appropriate forms to the building principal. Absence of more than five (5) consecutive work days for the above reasons shall require the filing of the appropriate form.

2. A member shall be entitled to complete usage of accumulated sick days for serious illness or disability in the immediate family. Before payment can be made for such absence, the member shall submit the appropriate form to the building principal or his designate. If such absence extends beyond five (5) consecutive work days, the member shall also submit a STATEMENT OF NECESSITY FOR ABSENCE stating that the member's absence from duty is required.
3. A limit of five (5) consecutive work days is granted for death in the member's immediate family, except that the Superintendent may increase the number of days, if the circumstances justify authorization of additional absence with pay. Before salary payment is made for absence because of death in the member's immediate family, the member must submit a CERTIFICATION OF ABSENCE FOR DEATH IN THE IMMEDIATE FAMILY OR OF OTHER RELATIVE (Form S-2c) to the principal or the immediate superior of the member.

When the participants reach agreement, such agreement shall be reduced to writing and signed by the members of the committees. Within five (5) working days thereafter, said agreement shall be submitted to the membership of the AEA for ratification. If such membership ratifies said agreement by a majority vote of those voting thereon, upon written certification by the President of such ratification to the Superintendent, the Board shall consider the ratification at its next meeting. The Board may also elect to defer consideration of the agreement to the following meeting when seventy-two (72) hours have not passed between written notification of AEA ratification and the next Board meeting.

## **ARTICLE XIII - IMPASSE**

### **13.01 Unresolved Matters**

Should the Akron Education Association and the Board be unable to reach an agreement within 75 working days (unless the parties mutually agree to an extension of time), either party may request, in writing and within thirty working days, that the unresolved matters be submitted to Federal Mediation and Conciliation Services. The mediator selected by the Service shall be an Akron taxpayer. In the event that the parties do not mutually agree to submit the issues to Federal Mediation and Conciliation Services, the provisions applicable to Impasse Panel (below) shall apply. In the event that mediation is agreed to by both parties, the parties shall make every effort to seek settlement under the direction of the mediator within fifteen (15) work days. Should mediation prove unsuccessful, the parties shall refer all unresolved matters to the Advisory Panel.

### **13.02 Advisory Panel**

An Advisory Panel, composed of three (3) members shall be established within fifteen (15) work days after receipt of a written request by either party, unless both parties mutually agree to a later date. The Association and the Board shall each appoint one (1) Akron taxpayer to the Advisory Panel. In the event the two (2) Advisory Panel members are unable to agree upon a third member, they shall ask the Judge of the Probate Court to submit to them a list of five (5) Akron taxpayers who have indicated their willingness to serve. Each member of the Advisory Panel shall alternately strike a name from the list, until only one (1) remains; he shall become chairman. The striking of the first name shall be determined by the toss of a coin.

### **13.03 Advisory Panel Recommendations**

The Advisory Panel will be requested, after hearing arguments from both parties, to report recommendations for settlement to the Negotiating Committee of each party. When possible, such recommendations shall be reported within fifteen (15) work days after the Panel's initial meeting. These recommendations shall not be made public until (5) work days after their presentation by the Panel to the parties, unless an earlier mutually agreed upon time is specified.

Conclusions of the Advisory Panel shall be in the nature of recommendations only.

### **13.04 Advisory Panel Costs**

All costs incurred as a result of the use of the Federal Mediation and Conciliation Service and/or the use of an Advisory Panel shall be shared equally by the Association and the Board.

## **ARTICLE XIV - DURATION**

### **14.01 Effective Date**

The effective date of this agreement shall be July 1, 1981, and it shall remain in force until June 30, 1984, except that it may be altered by the reopening of negotiations as provided for herein. This agreement shall automatically be renewed subject to amendments negotiated by the parties as hereinafter provided upon receipt by the Board of the membership certification required under Section 14.02 hereof.

### **14.02 Certification of Membership**

Between October 15 and December 15, of each calendar year, the Akron Education Association shall certify to the Board a list of its membership. In the event that said certification reveals that the Akron Education Association has as members less than a majority of those certificated teachers and counselors employed by the Board, then this agreement and the recognition of the Akron Education Association contained herein shall terminate at the end of said agreement period.

### **14.03 Initiation of Negotiations**

Negotiations under this agreement with respect to salaries and fringe benefits shall be initiated by either party upon written notice to the other party at any time after December 1, and prior to March 1, of each calendar year during the period of this Agreement, under the procedures set forth in Article XI hereof. Subsequent negotiations between the parties as to salaries, fringe benefits and other major cost items shall be conducted at such time or times as the parties may agree.

Negotiations under this agreement with respect to salaries, fringe benefits and working conditions shall be initiated by either party upon written notice to the other party at any time after December 1, 1983 and prior to March 1, 1984, under the procedures set forth in Article XI hereof. Subsequent negotiations between the parties shall be conducted at such time or times as the parties may agree and under the procedures set forth in Article XI.

### **14.04 Year-Round School**

Initiation of a year-round school format in any school in which the length of the school year as defined in this Agreement is extended, shall require the reopening of negotiations on items that concern wages, fringe benefits and on other items mutually agreed upon surrounding that year-round program.

Negotiations shall commence at least sixty (60) days prior to the implementation of the

year-round program and shall be conducted under procedures set forth in Articles XI and XIII hereof.

#### **14.05 Ratification**

Any agreements reached between the parties under the terms hereof shall, upon ratification thereof as provided herein, become a part of this agreement.

#### **14.06 Reopening**

This agreement may be opened for negotiations at a time other than that provided in foregoing sections only upon the mutual agreement of the parties. Within 60 days after the effective date of legislation or U.S. Supreme Court decisions which modify or have direct affect upon any portion of this agreement, a meeting shall be held to determine whether or not the parties wish to reopen negotiations on the affected sections of the agreement.

IN WITNESS WHEREOF the parties have caused their names to be hereunto subscribed by their respective signatures this 5th day of February, 1982.
